Dear Laura:

On behalf of Hawai'i Dairy Farms, with this letter Group 70 International Inc., transmits the document package for the Final Environmental Impact Statement for the Hawai'i Dairy Farms situated at TMK: (4) 2-9-003: 001 portion and 006 portion and (4) 2-9-001: 001 portion in the Kōloa District on the island of Kaua'i to the accepting authority for this Final EIS, the Hawai'i State Department of Health.

We are simultaneously distributing copies of the Final EIS to the Office of Environmental Quality Control for publication of a notice of availability in the next edition of the Environmental Notice. The Final EIS includes copies of all written comments received during the 45-day public consultation period for the Draft EIS, with responses to those comments.

Accompanying this letter is one printed set of Volumes 1 through 9 that comprises the Final EIS, and four additional printed sets of Volumes 1 and 2. Each set contains a compact disc with an electronic version of all nine volumes; the disc can be found in a pocket inside Volume 2. Another 21 printed sets of Volumes 1 and 2, including a compact disc containing all 9 volumes, will be provided to each branch and office within the Department of Health, per your request (see attached list).

For your information, also enclosed is the distribution list for the Final to be verified by OEQC.

If there are any questions, please contact Group 70 at (808) 523-5866.

Sincerely,
GROUP 70 INTERNATIONAL, INC.

Jeffrey H. Overton, AICP, LEED AP
Principal Planner
